### Intensive use of renewable resources – continuous increase of the reutilisation score

- Production under extensive use of renewable raw materials and energy using to 100% hydroelectric, solar and geothermic power
- Production widely independent of crude oil: 95% of organic carbon processed in SANET daily Quick&Easy originates from renewable plant resources which enables a production that is widely independent of crude oil
- Active water stewardship maintaining an own fresh and waste water treatment

### Full transparency - complete ingredient declaration

5-15% anionic surfactants (sodium lauryl sulfate), <5% non-ionic surfactants (sugar surfactants), perfumes  
 Specific ingredients: water, lactic acid, methansulfonic acid, food colour (E 124)

### Traditional German quality - driving your durable business development

- More than 25 years pioneer in sustainable product development
- Smart hygiene solutions ensuring profitable growth
- Trusted brand

### Professional user training and on-site support for Sustainable Hygiene Solutions

- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

# SANET daily QUICK & EASY

## green-Effective<sup>®</sup> Sanitary maintenance cleaner

- Powerful
- Effective against lime soap
- Pleasantly fragranced

### Product profile

- SANET daily Quick & Easy is suitable for the daily cleaning of bathrooms and sanitary areas.
- Thanks to its foaming properties this sanitary maintenance cleaner adheres well on surfaces.
- It is based on lactic acid which is ideally suited to solve water stains.
- This product is particularly suitable for the removal of lime soap and leaves a pleasant lemon scent after application.
- As part of the Quick & Easy portable dosing system, this sanitary maintenance cleaner combines outstanding performance with minimum efforts and low cost.
- Being CLP-free in application, it offers maximum user-safety.
- Majorly composed of renewable resources, this product takes on the responsibility for future generations.

### Area of application

- Suitable for all acid resistant surfaces in the entire bath and sanitary area for example tiles, chromed fittings, porcelain, stoneware, etc. Not suitable for natural stones (e.g. marble) and acid-sensitive enamel.
- For our Quick & Easy system we recommend to change water after 24 hours.

### Product safety, storage and environmental instructions

**Safety:** For professional use only. Keep away from children. Do not mix with other products. Test material compatibility before use. For further information, see Safety Data Sheet.

**Storage:** Store at room temperature in the original container.

**Environmental:** Only give completely emptied packaging in the recommended waste container. Proper dosing saves costs and minimizes environmental impact. Compared to other products only a small amount is required.

#### Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

predefined dosing

**Sanitary Cleaning:** Spray directly or onto a suitable cloth. Allow short action time and wipe with clean cloth.

Bottle change

**Concentrate bottle change** Remove cartridge and spray 2-3 times to avoid product residues.
