

SlipStop®

All-in-one hazard sign
and leak collection unit

BEFORE

AFTER

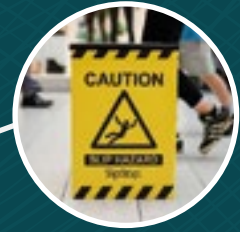

About SlipStop®

SlipStop® helps minimise slip hazards by collecting water from leaks efficiently, whilst acting as a high visibility wet floor sign – providing an all-in-one hazard warning and leak collection solution that stops slips fast, while improving your professional image.

SUPERIOR LEAK COLLECTION

Wide funnel design efficiently collects leaks without water escaping

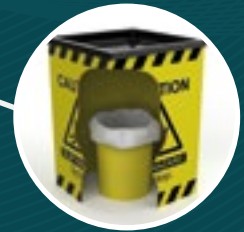

HIGH VISIBILITY

Contemporary, highly-visible design improves visitor safety and helps maximise your professional image.

EASY TO STORE

SlipStop® 65 packs flat and takes seconds to assemble, whereas the SlipStop® Cone is stackable – making both easy to store when not in use

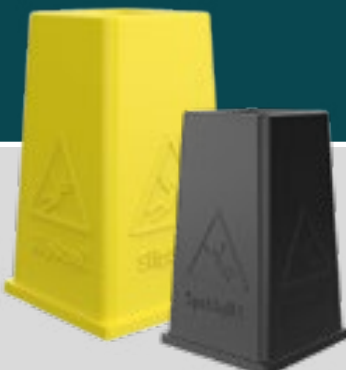

SUPER ABSORBENT COLLECT LINER

Each liner contains an absorbent 2.5 Ltr pad that instantly absorbs water leaks, keeping the surrounding area dry.

Code	Product Name
 46-023	SlipStop® 65
 43-330-YL	SlipStop® Collect Bucket
 35-182	SlipStop® Collect Liners

Also Available: SlipStop® Cone

Robust, injection-molded SlipStop cone, especially suited for persistent leaks and high traffic areas.
