Keeping Visitors Safe

SlipStop® acts as a hazard control, collecting water efficiently and out of sight.

Efficient Manual Handling

Consolidates the need for signage and equipment in one innovative package – simple to both fold away and assemble.
(SlipStop® 65 only)

Superior Coverage

Wide funnel design effectively collects leaks and can be used in conjunction with another SlipStop® to increase coverage further.

High Visibility

Effectively combining contemporary appearance and high visibility – further improving visitor safety and maximising your professional image.
